

Ux/ui | Digital Design | Print

ABOUT ME!

My name is Anna, and I am a Graphic Designer and IT Engineer. I specialize in designing user experiences (UX) and user interfaces (UI), as well as creating modern websites. In my work, I combine a creative approach to design with technical expertise, delivering solutions that are visually appealing, functional, and user-friendly. I also create graphic designs, digital artwork, animations, and print materials.

I have over four years of commercial experience in graphic design. Throughout my career, I have worked on projects for companies and organizations such as BaseOn, Vizja, EDUN Tutoring, Pricing Academy, Autohero, McHayes, as well as for individual clients.

I also use AI-powered tools to support and optimize the design process whenever appropriate or requested by the client—always in compliance with applicable laws, ethical standards, and brand safety requirements.

I hereby consent to the processing of my personal data for the purposes necessary to carry out the recruitment process, in accordance with Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 (GDPR).

Type: Design of views and widgets for the BaseOn platform, including surveys, notifications, badge systems, and AI-powered features.

Tools: Figma, Adobe Illustrator

Scope of Work: Designed UX/UI components and widgets for the BaseOn platform, including surveys, notifications, badge systems, and AI-powered features. Responsible for layouts, user flows, component states, and visual design, with a strong focus on usability, consistency, and intuitive interactions. Worked closely with developers to align business requirements, refine design solutions, and support the implementation process while considering technical constraints and development efficiency.

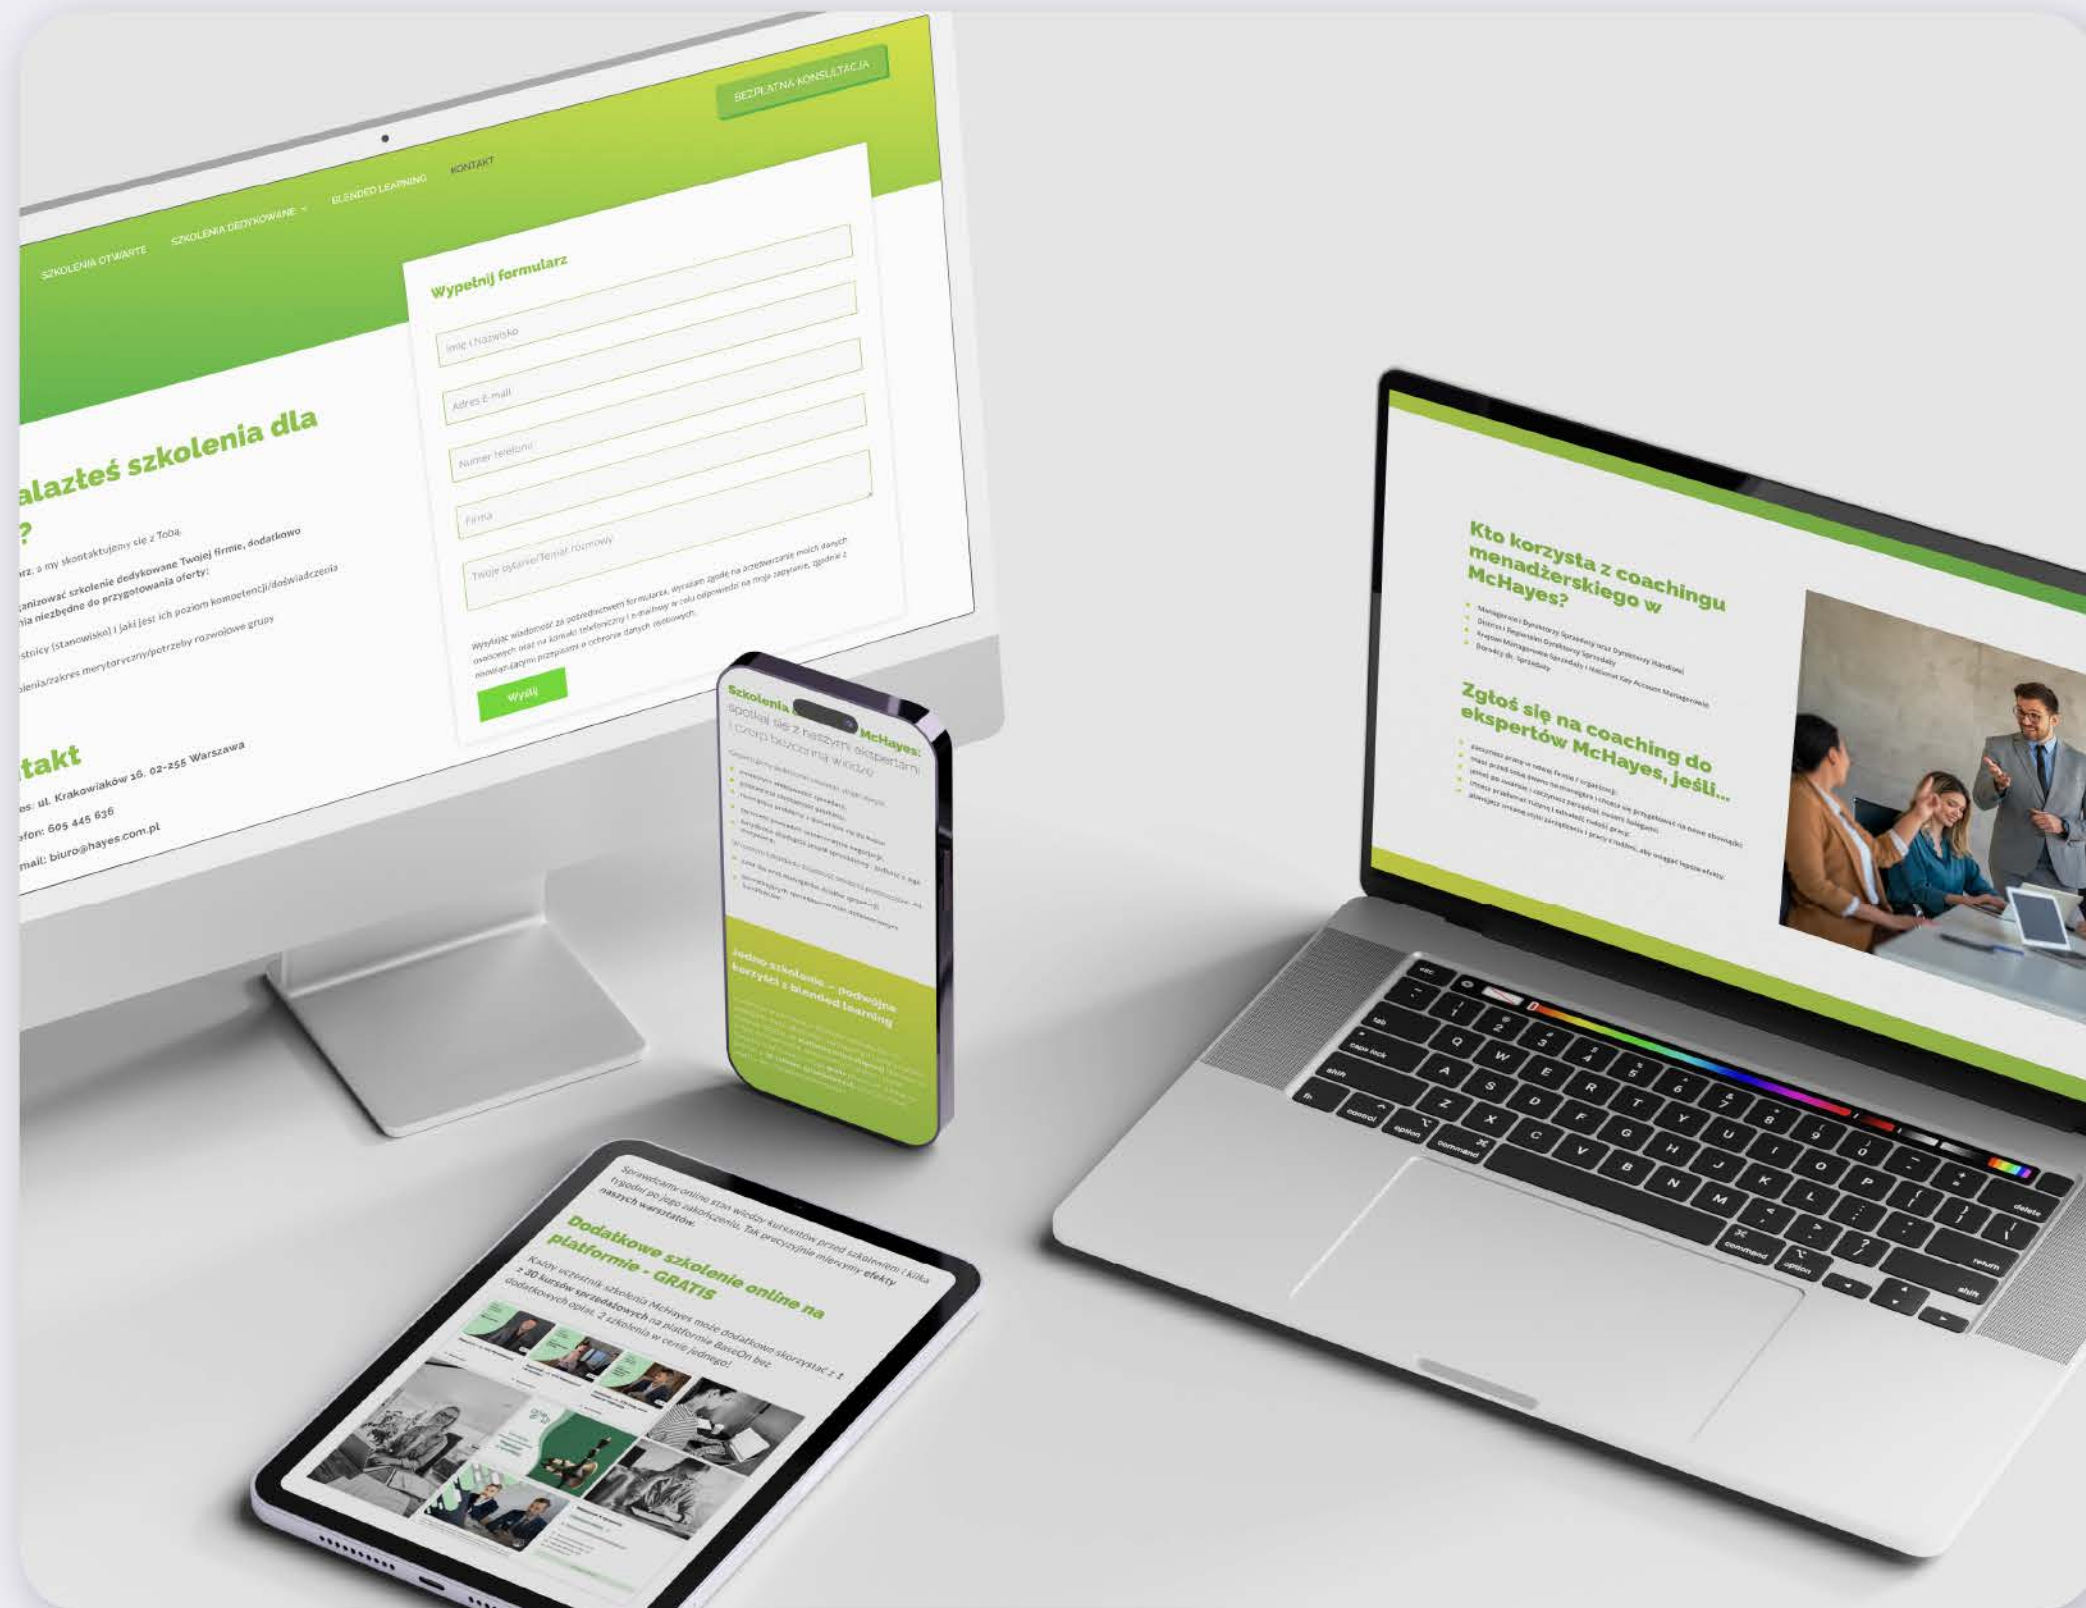

Type: Corporate Website UI Design (Company Profile & Academic Publications)

URL: <https://actahumanitatis.vizja.pl/>

Tools: Adobe XD, Adobe Photoshop, Adobe Illustrator

Scope of Work: Designed the website's information architecture, layouts, and visual interface with a focus on readability, information hierarchy, and consistency. Created an interactive Adobe XD prototype featuring user flows and navigation, prepared visual assets, and optimized images for web use.

Delivered developer-ready design files for implementation.

Type: Corporate Website (company profile and service presentation)

https://hayes.com.pl/

Tools: Figma, Adobe Photoshop, Adobe Illustrator, WordPress (Elementor)

Scope of Work: Designed and developed the website from concept to launch, including content structure, page layouts, and visual design. Focused on clarity, information hierarchy, and intuitive navigation to create a professional and user-friendly experience. Implemented the website in WordPress (Elementor), customizing layouts and content to meet business needs. Worked directly with the client throughout the project, refining solutions and introducing improvements based on ongoing feedback.

Type: Responsive Web Page Design (UI Design)
Tools: Adobe XD, Adobe Photoshop, Adobe Illustrator

Scope of Work: Designed a responsive web page with a focus on content clarity, intuitive navigation, and a consistent user experience across devices. Created an interactive prototype in Adobe XD, including key user flows and navigation patterns.

Adapted the design for an international audience by simplifying the content structure and improving information presentation. Collaborated with the development team throughout the handoff and implementation process.

Type: Social Media Awareness & Promotional Campaign

Tools: Adobe Photoshop, Adobe Illustrator, Adobe XD

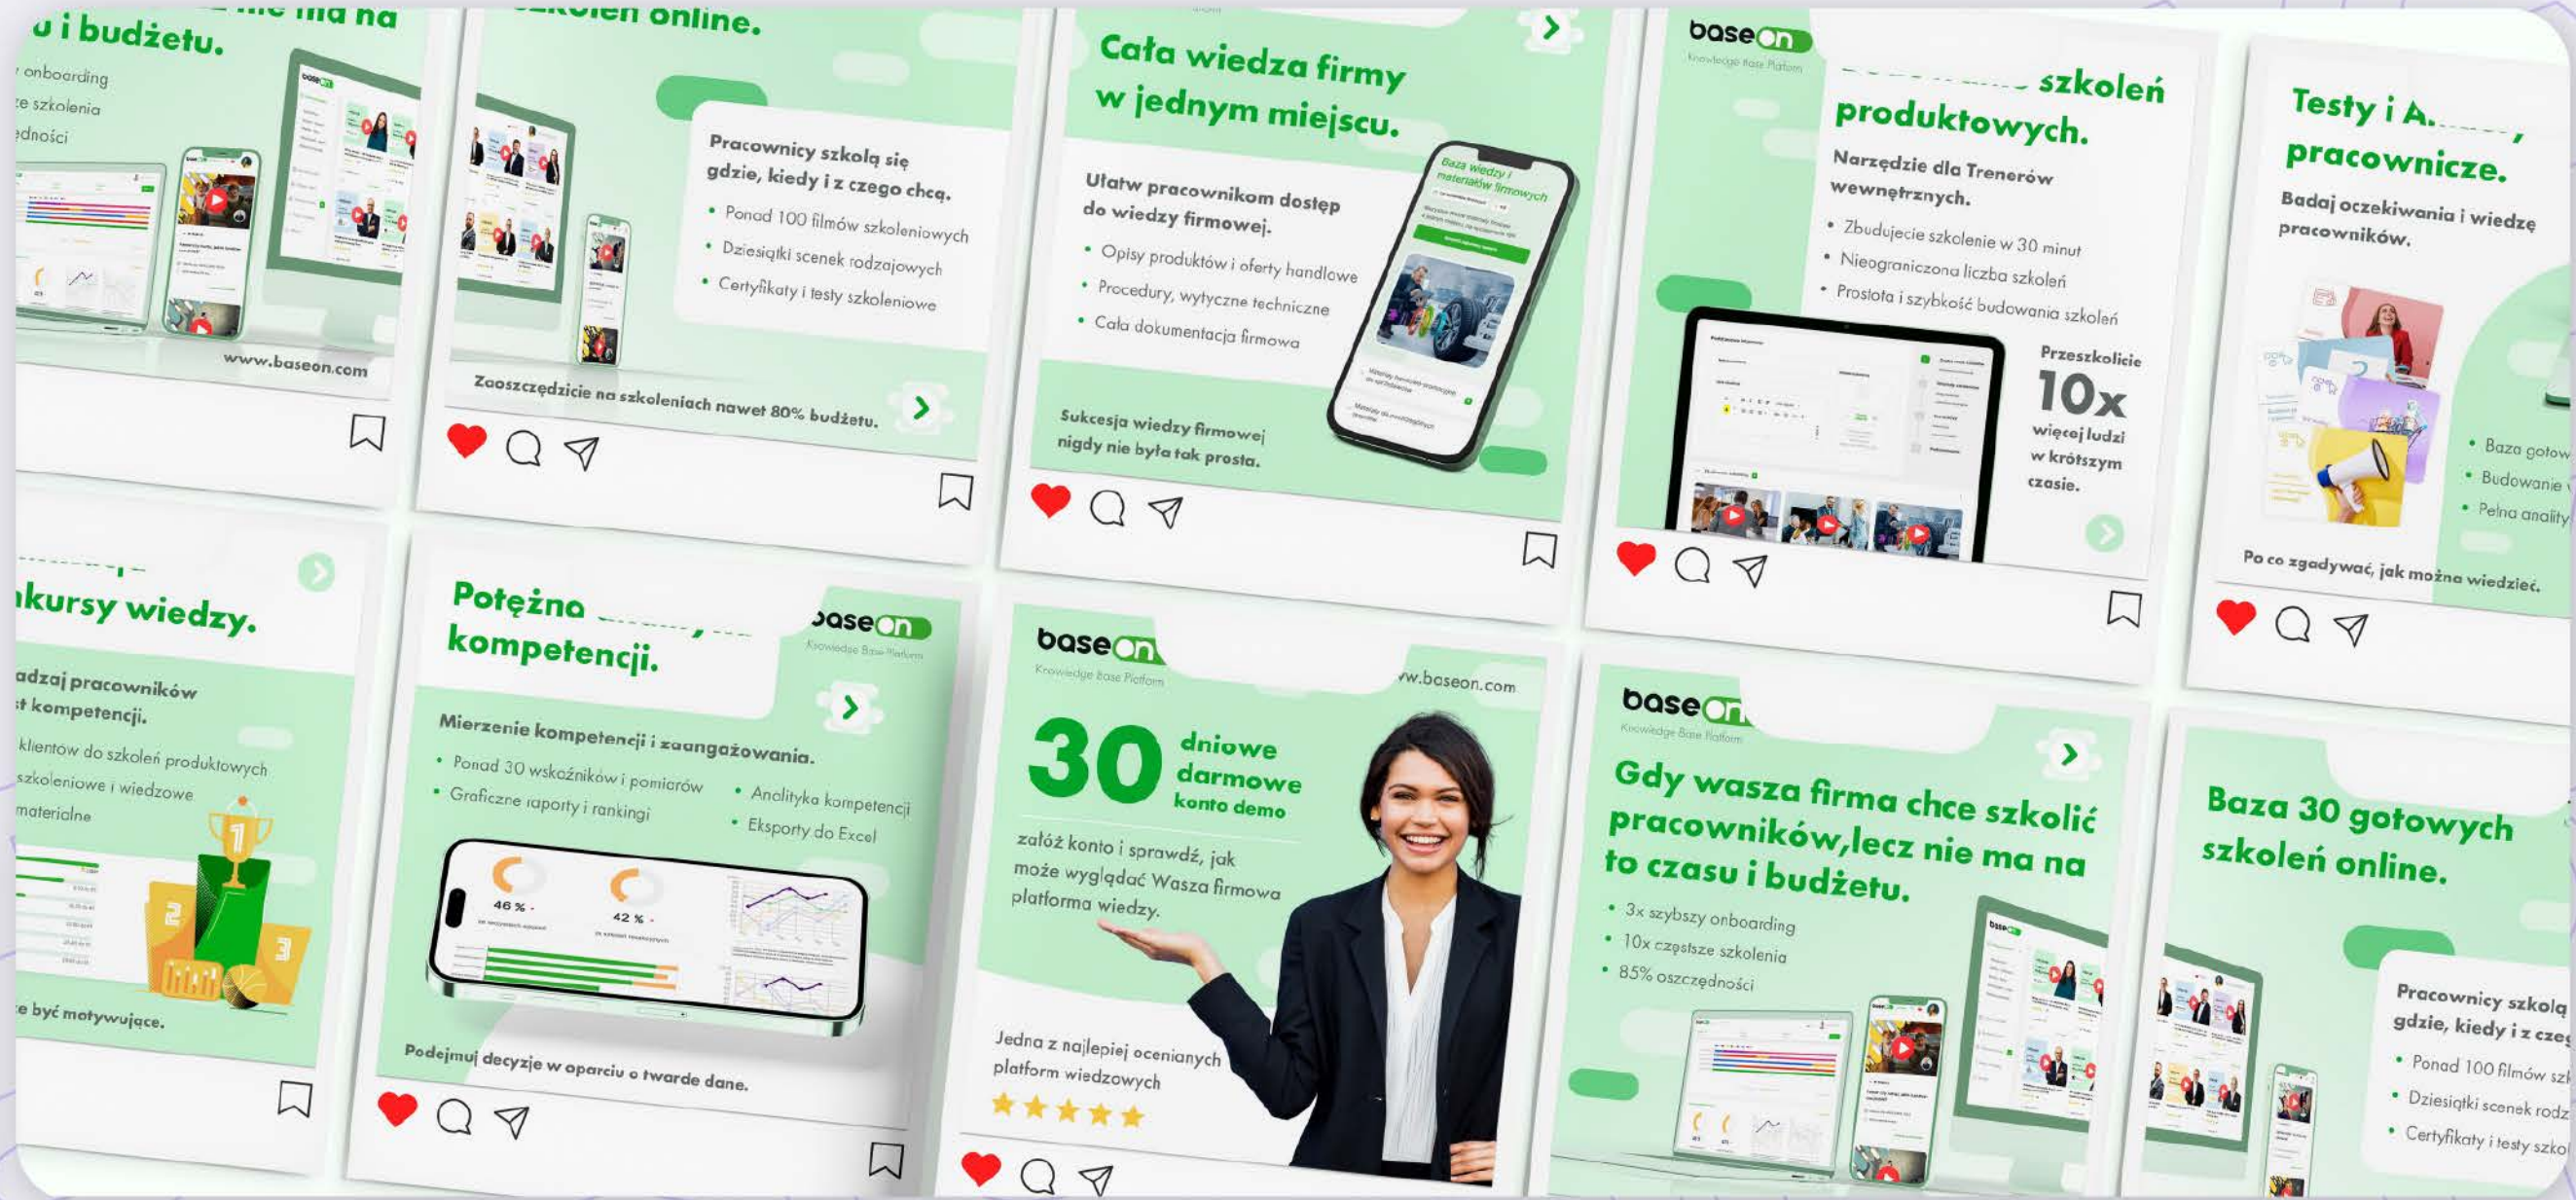

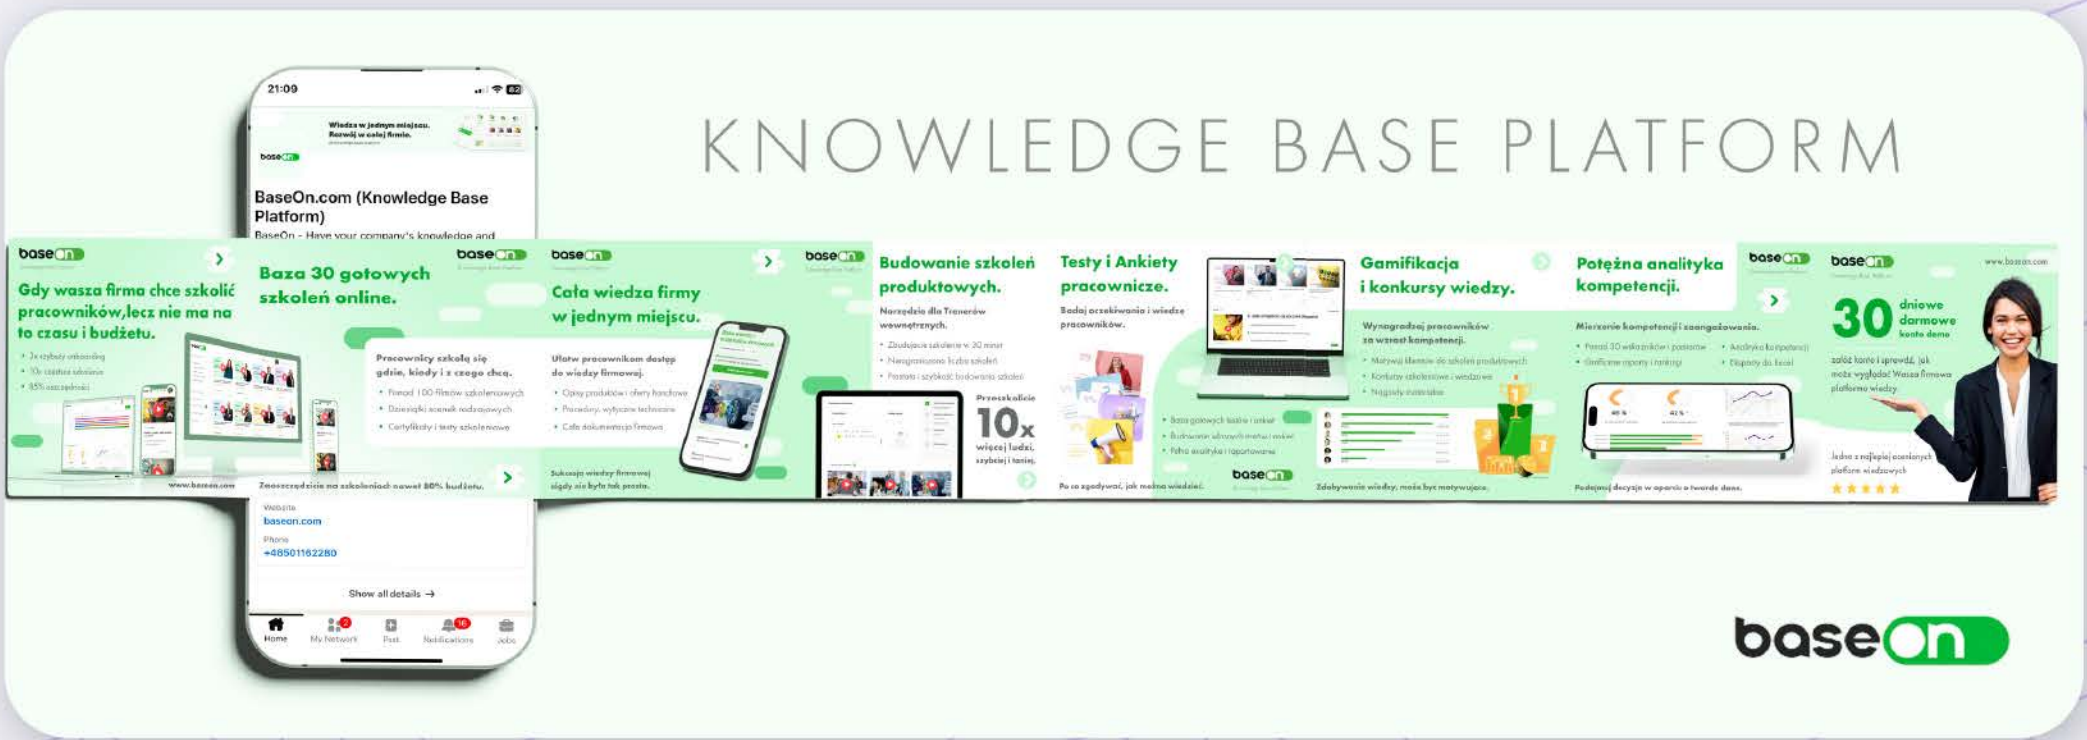

Scope of Work: Designed social media posts and stories, creating a cohesive visual identity across multiple channels.

Type: Social Media Awareness & Promotional Campaign (BaseOn / Online Sales Academy)

Tools: Adobe Photoshop, Adobe Illustrator, Adobe XD

Scope of Work: Designed social media assets, including posts, stories, and carousels, for BaseOn and Online Sales Academy. Maintained a consistent visual identity across campaigns and adapted content for different platforms and devices.

Type: Print Design Projects (Promotional, Informational, and Commemorative Materials)

Tools: Adobe Photoshop, Adobe Illustrator, Adobe InDesign

Scope of Work: Designed print materials, including flyers, brochures, posters, publications, and large-format graphics. Responsible for layout design, visual presentation, and preparing print-ready files.

ADDITIONAL WORK SAMPLES ARE AVAILABLE UPON REQUEST.
